

Preparations Made Ahead of Time Can Lessen the Effects of a Flu Pandemic

In the United States, the next flu pandemic is expected to result in 89,000–207,000 deaths. Will you be prepared?

NEW! Pandemic Influenza: Preparedness and Readiness Kit for Long Term Care Facilities

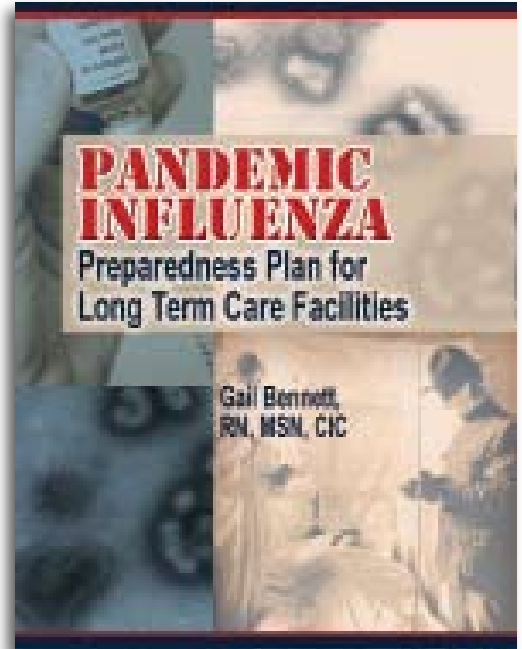

The new *Pandemic Influenza: Preparedness Plan for Long Term Care Facilities* is a comprehensive solution that provides you with a policy manual and a staff training in-service program in one convenient kit that includes:

- *Pandemic Influenza: Preparedness and Readiness Kit for Long Term Care Facilities Policy Manual*
- *Pandemic Influenza: Preparedness and Response in the Healthcare Facility In-service Program*
- One copy each of the *Pandemic Influenza: Preparedness in the Healthcare Facility* staff education booklet and the *1-2-3's of Cough Etiquette* poster

The policy manual, based on the recommendations made by the Department of Health and Human Services, is intended to give long-term care facilities the policies, forms and information they need to prepare for a possible influenza pandemic.

The in-service program is intended to educate health care staff on preparedness and emergency response in the event of an influenza pandemic. 2007, **ICP Associates, Inc.**
